

# FUTURE FOCUS

BRE TRUST RESEARCH AND EDUCATION PROGRAMME

**Dr Deborah Pullen MBE**

Executive Director, BRE Trust

Create **[WORLD CLASS]** research and teaching

Develop **[RELEVANT]** skills

Increase the [APPLICATION] of Innovation

Grow **[SCALE]** and outreach

Form new **[PARTNERSHIPS]** to extend delivery

## Make a positive [IMPACT] on the built environment

## [SUSTAINABILITY]

**Accessible Solutions for All**

There is great opportunity to improve our built assets and the efficiency of their construction and operation, while delivering a more sustainable environment and economy. We are focusing on:

- Operational Efficiency
- Affordability
- Environmental Performance

## [RESILIENCE]

**Adapting to Change**

Our built environment must be able to adapt to – and mitigate against – social and environmental pressures caused by local and global changes. We are focusing on:

- Climate Adaption
- Community Development
- Post-Disaster Recovery

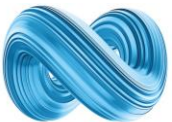

## [WELLBEING]

**Improving People's Lives**

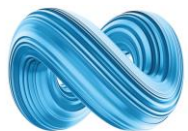

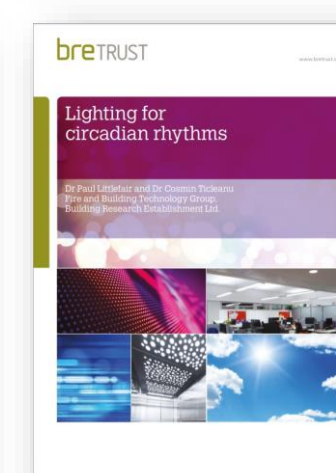

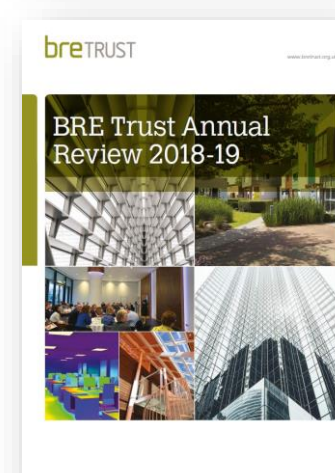

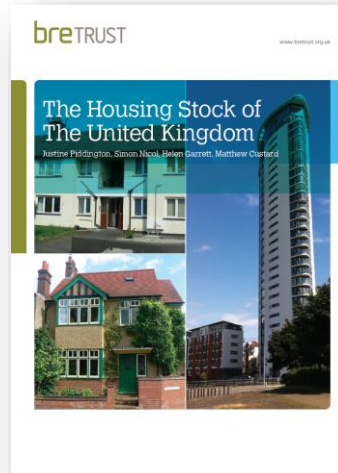

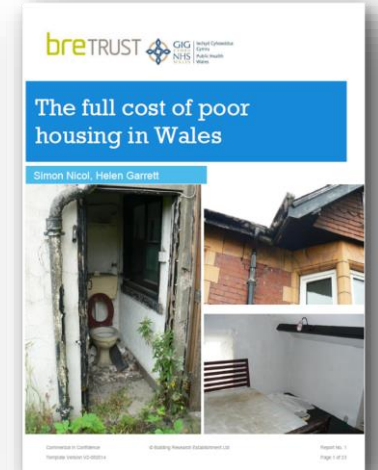

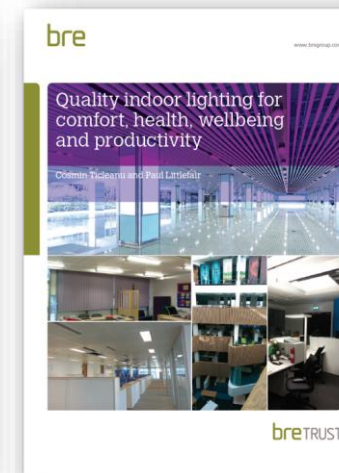

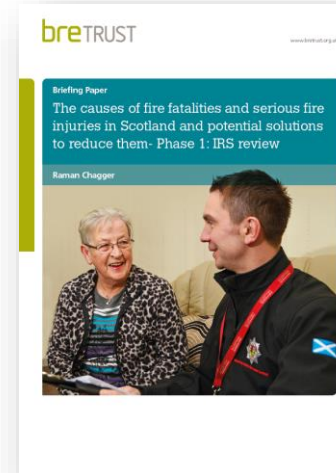

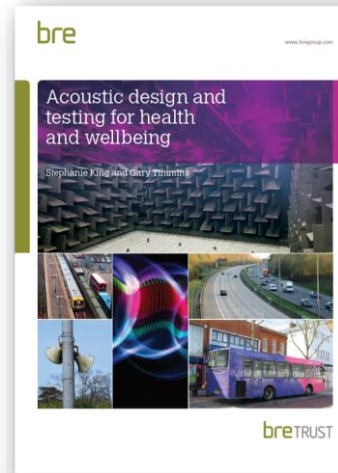

High quality living and working environments are essential for good physical and mental health. We are focusing on:

- Indoor Environment
- Independent Living
- Fire Safety

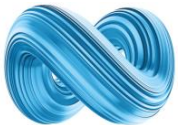

# breTRUST [DISSEMINATION]

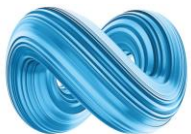

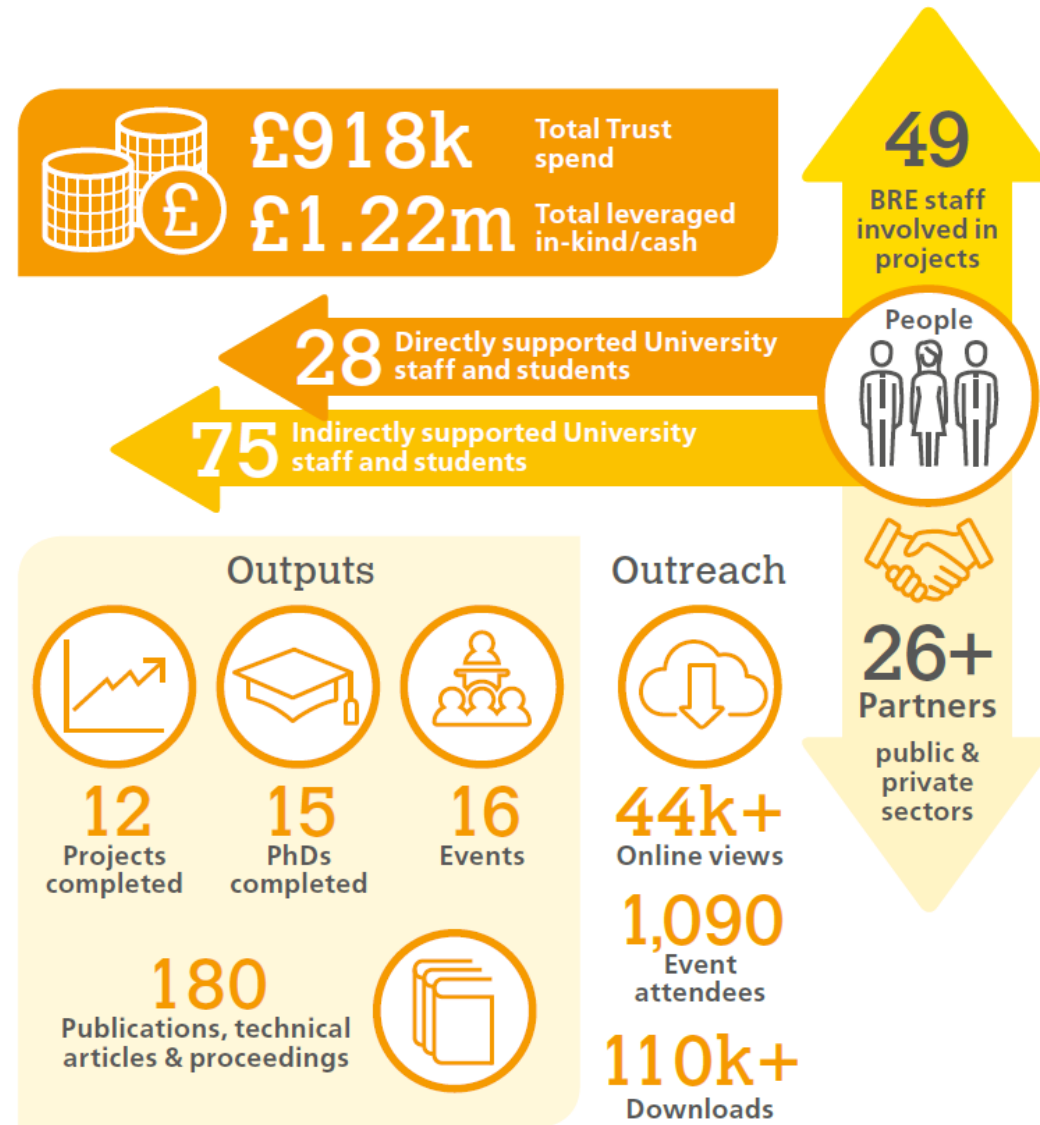

## BRE Trust Knowledge Hub

The home of insight and learning dissemination

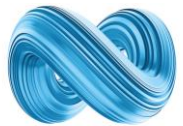

### [INDUSTRY]

- Resource efficiency
- Reduced design & build cost
- Reduced adaption/upgrade costs
- Increased profitability
- Increased productivity
- Increased asset value

### [SOCIETY]

- Independent living
- Enhanced wellbeing
- Lives saved
- Safe and secure
- Security of resources
- Resilience to climate
- Reduced CO<sub>2</sub> emissions

# breTRUST [SUSTAINABLE DEVELOPMENT GOALS]

# breTRUST [DELIVERY NETWORKS]

# breTRUST [OUR PARTNERS]

The BRE Trust is building a network of like-minded organisations and actors, with the goal of improving research, education, and practice in the built environment globally. We work with our partners in the following way:

- Developing resources that can support education of students, built-environment professionals, and communities
- Facilitating partnerships between organisations in different fields to expand the scope of projects and their ultimate impact
- Leveraging additional funds through our networks to benefit all partners
